EASY TO  
INSTALL

# INFINIGRID

## VIDEO WALL, EVERYWHERE.

A universal solution for any type of monitor\*, modular in both vertical and horizontal, able to suit the needs and requirements for any type of application: wall, ceiling, or free-standing.

With its exclusive Italian design, **INFINIGRID** fully addresses the principal requisites of installers, designers and architects, taking into account every possible necessity.

**INFINIGRID** = easy mounting, total versatility, a super-sturdy structure and most of all, maximum installation dependability.

**INFINIGRID** is Euromet's solution for maximum results.

\* Maximum weight 45 Kg. (90 lb.)

## MOUNTING MADE EASY.

Easy application of mounting brackets to the back of the monitor.

## QUICK FASTENING.

Quick and easy fastening of mounting brackets on the structure's individual modules.

## ALWAYS SECURE.

A special mechanism prevents accidental release, making the system completely safe.

## SUPER-PRECISE CALIBRATION.

Special stainless-steel knobs guarantee perfect monitor alignment and leveling.

## GUARANTEED PLANE.

Frontal monitor plane obtained utilizing the pictured special device which guarantees a perfect frontal alignment.

## WIDE OPENING.

Module opens to a right angle which facilitates access to the rear of the monitor.

## EASY INSPECTION.

Ample space to maneuver, which allows optimal and convenient access to the monitor.

## MODULARITY.

Simple horizontal modularity utilizing the designated joint.

## BACK TO BACK.

**INFINIGRID** never turns its back on you. Easy double-sided installation option. Suspended from the ceiling or free-standing.

## FREE-STANDING OPTION.

Available free-standing option, with or without wheels, for easy positioning and movement.

# APPLICATIONS

Thanks to its versatility, **INFINIGRID** lends itself to every type of modular application.

**INFINIGRID** has been researched and studied for every possible utilization and application. With its “grounded off-load option” it can be used for any surface (wall, wood, dry-wall, etc.), and therefore anywhere: airports, shopping centers/malls, arenas, exclusive stores, convention booths, etc.

Its back-to-back capability makes it an optimal solution for ceiling or trellis installation, as well as utilization as a free-standing unit, with or without wheels.

**INFINIGRID** everywhere.
